Everybody needs beauty as well as bread, places to play in and pray in, where nature may heal and give strength to body and soul.

– John Muir

# A lifestyle

The Dwarika's Resort Dhulikhel is a holistic experience reflecting Nepal's ancient philosophy of respect for nature and one's self. Set over 20 acres, the grounds offer panoramic views of the Himalayas and the surrounding valleys. The property is designed in the spirit of a traditional Nepali village, with trails, glades and terraced farms interspersed within the ecology of a verdant woodland. This is a place to explore and live with nature.

The Pancha Kosha Himalayan Spa, an integral part of the resort, draws on Himalayan herbs and unique treatments to achieve complete relaxation and rejuvenation. The resort incorporates a number of ecologically responsible processes, including solar energy, grey water treatment, recycling of waste and organic agriculture.

When you sleep in a house your thoughts are  
as high as the ceiling, when you sleep outside  
they are as high as the stars.

## In Nature

A serene natural setting and rural heritage come together at The Dwarika's Resort. The forest that surrounds the resort is a natural sanctuary for a rich diversity of plants, including rhododendron, chrysanthemums and orchids. A riveting destination for butterfly watching, a stay at the resort is a chance to discover the region's indigenous flora and fauna. The natural abundance within and around the property creates an atmosphere of peace and harmony.

The area presents numerous opportunities for hiking and exploring the beauty of the Himalayan foothills. Guests can enjoy other inspiring activities such as pottery, traditional block printing, planting, farming and cookery.

The landscape belongs to the person  
who looks at it...

# Of Revival

The Pancha Kosha Spa Village is a true sanctuary to rebalance both body and soul. The Spa's signature treatments are derived from traditional knowledge and practices of care-giving that have been shared in the Himalayan region over thousands of years, including Ayurveda and Buddhist medicine. Yoga and meditation take place at scheduled times each day, in the studio or in special outdoor locations throughout the resort. The Himalayan salt house, singing bowl therapy, sound and colour therapy for the chakras, fitness centre, swimming and more are also available at the Spa Village. Surrounded by natural vegetation, the spa suites are designed for individuals, couples and families to enjoy unique Himalayan treatments in absolute privacy and comfort.

You can find a strange place in the stony solitude between the mountains; there you can exchange life's commotion for sheer limitless bliss.
